

Launch of EY Program

Planned and organized the Launch of this program that encourages girls to venture into STEM courses

Agricultural Competition

Organized the agricultural competition for high school students. This allowed me to use my event planning skills.

Centre of Excellence Launch

I was part of the Project Coordination team and planned out the entire launch of the center that will help young people in communities to access ICT Skills.

600 Students Mentorship on Entrepreneurship

I mentored high school students on becoming entrepreneurial thinkers and starting their businesses.

Mentorship and Book Drive for Primary School Students

I had the opportunity to mentor primary school students on taking the right path in life. Over 300 students were impacted.

Entrepreneurship Competition2023

Over 100 students were taken to Mombasa for a competition. I led the team in organizing for this competition and taking part in the Pwani Innovation Week.

Global Money Week

Led the Global Money Week in Kenya by working with the Kenya Bankers Association and the banks in Kenya. Students from various universities who are disabled were engaged in the Job Shadow in the banks.

Mentorship

200 students were mentored from the slums of Kibera on financial literacy and entrepreneurship.

Job Shadow

500 plus students engaged in job shadowing in 2023. I got the stakeholders and partners who would be engaged in the program

Innovation Challenge

Hosted and planned for the university innovation challenge that allows young people to pitch their business ideas.
